PROFILE SUMMARY

Motivated B.Tech CSE student (2025) with strong Java and MERN stack skills, seeking an entry-level role as a Software Engineer or QA/Full Stack Developer in a product-driven or startup environment. Passionate about building scalable applications and growing in agile teams.

EDUCATION

- **Graphic Era Hill University(GEHU)** Dehradun, Uttarakhand
B.Tech in Computer Science; CGPA: 7.79 July. 2021 – June. 2025
- **Foothills Academy** Rishikesh, Uttarakhand
CBSE Examinaion; Percentage: 81.8 July. 2019 – June. 2020
- **Omkarananda Saraswati Nilayam** Rishikesh, Uttarakhand
CICSE; Percentage: 64.3 July. 2017 - June. 2018

PROJECTS

- **Task Management System** April 2025 – June 2025
 - **Architecture:** Built a role-based task manager using Spring Boot and MVC pattern with clean service and repository layers.
 - **Functionality:** Implemented CRUD operations for tasks with user roles (Admin, Manager, User) and status tracking.
 - **Database:** Used MySQL with Spring Data JPA for persistent task management and user authentication.
- **Collaborative Workspace Platform** Oct 2024 - Present
 - **Platform:** Engineered a real-time collaborative platform using Node.js (MVC architecture) with JWT-based authentication and repository-level access control.
 - **Integration:** Integrated Gitea APIs for version control and JIRA for issue tracking and sprint management.
 - **Communication:** Enabled seamless team messaging via chat and real-time event notifications using Kafka.
 - **Frontend:** Built using React.js with an interactive GitHub-style file structure and branching interface.
- **CareerCraft – AI Resume Analyzer** Nov 2024 – Dec 2024
 - **AI Engine:** Built a resume analyzer leveraging Google Gemini API for job-role compatibility analysis.
 - **NLP and Scoring:** Applied NLP techniques for skill extraction and relevance scoring; generated insights and suggestions.
 - **Report Delivery:** Integrated SMTP to send real-time feedback reports with resume improvement suggestions.
- **Personal Portfolio Website** Aug 2024 – Present
 - **Design:** Crafted a responsive, modern portfolio UI using React.js with optimized accessibility and SEO.
 - **Integrations:** Embedded GitHub project cards, dynamic resume section, and working contact form.
 - **Deployment:** Hosted frontend and backend with proper routing and form submission flow.

INTERNSHIPS

- **Salesforce Virtual Internship – The Smart Bridge** : Automated workflows using Apex triggers and Process Builder in Salesforce CRM, Developed Lightning Components with custom user roles and field-level access control, Gained hands-on experience in cloud-based enterprise systems and sandbox testing. July 2024 – Sep 2024
- **Web Development Internship – InternPe:** Built basic full-stack applications using HTML, CSS, JavaScript, Node.js, and MongoDB, Gained exposure to Git-based version control, component-based development, and REST APIs, Strengthened fundamentals in frontend/backend integration and user authentication using JWT. Sep 2024 – Nov 2024

SKILLS

- **Programming Languages:** Java, JavaScript, Python, C++, C
- **Frameworks & Tools:** Spring Boot, React.js, Node.js, Express.js
- **Databases:** MySQL, MongoDB
- **Testing & QA:** Postman, REST APIs, JIRA (basic), Agile (Scrum)
- **Other Tools:** Git, GitHub, VS Code, IntelliJ IDEA
- **Core Concepts:** OOPs, Data Structures, DBMS, SDLC, JWT Auth

CERTIFICATIONS

- **Full Stack Java Developer – Udemy:**
- **Agile Project Management (Scrum, Kanban, XP) – Udemy:**
- **Salesforce Certified Platform Developer I:**

ACHIEVEMENTS AND RESPONSIBILITIES

- **Top 5 Rank:** Class XII, Foothills Academy
- **Coding:** Solved 100+ DSA problems on platforms like LeetCode, GFG, and Codechef.
